

# Do you remember your wedding day and all the memories that you shared together through out the years?

*I had a video created for my in-laws 50th Wedding anniversary. My mother in-law was nervous about showing a video because the family isn't perfect. But whose is? But the way the video was done it kept it sweet and upbeat.*

*Everyone at the party thought it was beautiful. It brought tears of joy to all of us.*

*Video montages make a special event even more memorable. And everyone can have a copy to take home with them to cherish forever. It's a must for any big event like that.*

*Thank you Juli and Cathie for putting your heart into everything you do.*

*Are you looking for a special gift to help celebrate your anniversary?*

*Take your photos...*

*And tell your love story  
with a photo story-  
book or video that will  
make your memories come to life.*
